## Leather

We source the finest vegetable-tanned bull hides from one of the top leather tanneries in the world, located in Pennsylvania. Because we source full hides, our pieces celebrate the natural life of the animal, thus the leather may include natural markings such as scarring, stretch and bug bites. We offer the following leather choices. The leather we use is saddle leather and not traditional upholstery leather; therefore, it will build a beautiful patina with continued use over time.

Natural

Tan

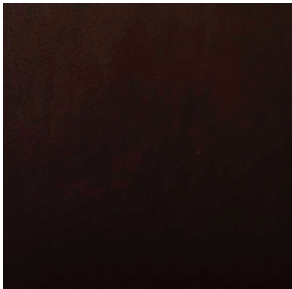

Chestnut

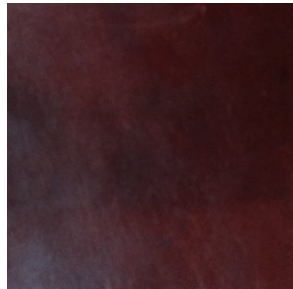

Burgundy

Medium Brown

Dark Brown

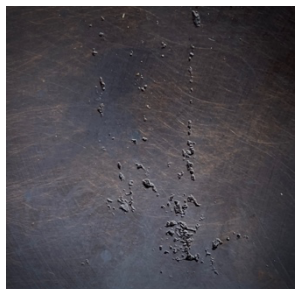

Oxblood

Black

## **Metals**

We offer a variety of metals with hand applied finishes, including sand-casted bronze, brass and aluminum.

Bronze - Natural

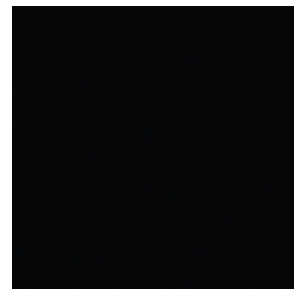

Brass - Waxed

Brass - Blackened

Aluminum - Black Wax

Aluminum - Black  
Urethane
